

CLASSROOM SUITE V4 BUNDLES

PRE-AUTHORED READING AND MATH ACTIVITIES SKILL DEVELOPMENT TEMPLATES FOR EMERGENT LEARNERS

Classroom Suite by IntelliTools®

Grades PreK-5

Classroom Suite is a unique software intervention tool to help students in grades PreK–5 achieve mastery in reading, writing and mathematics. Classroom Suite provides students with explicit instruction, constructive practice and embedded assessments to allow teachers to gauge progress and individualize instruction for their students.

- Classroom Suite is a flexible learning tool that allows teachers to assess students and assign activities at the student’s level of readiness.
- Classroom Suite activities provide immediate scaffolded (auditory and graphic) feedback to students as they learn concepts.
- Clearly defined activity sequences provide teachers support in determining what objective or skill a student should master next.

Classroom Suite Primary Skills Builders

Grades PreK-4

Customizable Early learning activity templates for skill development and assessment of emergent learners.

- Accessible books that are easy to author with sounds and animation.
- Math word problems with supported cues and calculator for beginning addition and subtraction.
- Comprehension tests that address one, two, or three possible choices to support students with a variety of cognitive levels. Student selects picture or text.
- Multiple Choice templates with 3 or 4 choices using letters ABC or ABCD.

Classroom Suite ReadingTutor

Grades K-2

Pre-authored reading activities from letter name identification through phonemic awareness and phonics.

- 398 activities, (KK - 118; Level 1 - 138; Level 2 - 142), approximately 26 hours of instruction.
- 30 units covering grade level content organized and sequenced by concept.

Classroom Suite MathTutor

Grades 2-3

Targeted set of math instructional activities to help students achieve mastery in addition, subtraction and learning money.

- Nearly 60 pre-made activities, approximately 12 hours of sequenced instruction.
- 6 short units (approx. 2 weeks each) provide teachers with flexibility of use.
- Aligns with national math standards.
